

## **12/24/2003 Entry: "BSE Information on USDA's Web Site"**

KCA Members,

USDA is keeping their web site, [www.usda.gov](http://www.usda.gov) updated with BSE information. The BSE Response Plan Summary may be found on the main page that pops up, if you are interested. Up-to-date news and resources are also included there. We will continue passing on information as we receive it. Do not hesitate to call the office with questions.

Thank you,

Sara Ellicott, Director of Communications  
Kansas Cattlemen's Association
